3rd Edition!

The Ultimate Guide to make your Job Search Easier and More Efficient

This Resource Guide will save you hundreds of hours of time and give you the essential techniques to be successful in your Job Search!

- Websites are organized for ease of use, putting all the needed info into one place and saving 100's of hours of research time.
- Small size, fully indexed and spiral bound tabs make it convenient and easy to use.
- All websites were checked for accuracy and include 100's of new listings from previous editions.
- Includes helpful hints and favorite website choices, plus motivational and inspirational quotes that speak to the journey of the job seeker.

This book should be named the Bible of Internet Career Resources, it's that good. You must keep this book at your computer as you search for your next job. This book cuts through the confusion to locate the specific job site best suited to your skills. There is nothing more comprehensive on internet career resources.
